Importance: High

Good Day Mr. Mllokoti

My name is AIYEGORO ADEOLA.; I am a postgraduate student in the Department of Public Administration at the University of Fort Hare, doing my Masters in Public Administration by Research. I am presently conducting a research on the influence of selected Non Governmental Organisations in Municipal policy making in the Amatole District Municipality.

I request to be granted permission that allows me to conduct a research project in the following Directorates; Municipal political office bearers and chief officials of the Amatole district municipality and provincial political office bearers and chief officials of the Amatole district municipality. The research will assist me to fulfill my Masters in Public Administration Programme. As this is for academic purposes, the information obtained will be treated in a strict and confidential manner; hence, the names are not required. The honest completion of the questionnaire will assist in generating information that will help Amatole District Municipality and Eastern Cape Province government to improve on municipal management, enhance quality service delivery and improved productivity.

Thanking you for your co-operation.

Kind Regards

Adeola Aiyeoro

Mr. Taku,
I see no harm if this is just what the lady/gentleman says it is(a questionnaire for academic purposes) that might also assist in improving systems on Municipal Management...
Regards,
Unathi
